

FEDERATED GERMANY IS NAZI PLAN

CONTROL OF ALL ACRES IN U.S. FORECAST

Agriculture Secretary Pictures Rationals Resettle- ment of America

CHICAGO, Nov. 14.—"A national settlement of America" was pictured Monday by Secretary for Agriculture Henry Wallace as one of the probable results of the new process of economic planning.

Addressing the forty-seventh annual convention of the Association of Land Grant Colleges and State Universities, Secretary Wallace forecast the complete control, acre by acre, of all farm land in the United States.

"It is clear that we must determine in which areas and what lands are best suited for the commercial production of the staple crops, which are well known to man, and which are which should not be used for agriculture at all, but simply for recreation and respite," he said.

The acreage of harvested crops in the U.S. last year was probably between 30,000,000 and 35,000,000 acres under the total of revenue crop and pasture land. The outlook for decreased production, he said, called for the immediate conversion of surplus allotments for the various crops.

HENDERSON TO QUIT PARLEY

LONDON, Nov. 14.—A threat of Arthur Henderson to resign from the world disarmament conference, to resign his position there, is a threat to the peace of Europe.

Mr. Henderson's statement was interpreted as resulting from the failure of various governments to agree on a way out of the arms deadlock caused by Germany's withdrawal.

A statement read from the Foreign Office on behalf of Mr. Henderson said "no responsible government can accept the attitude adopted by delegations at a recent meeting, and it is useless for us to remain in Geneva for months unless the attitude changes."

2 LAKE SHIPS IN DISTRESS

BUFFALO, Nov. 14.—Coast guard boats from Erie, Pa., today dispatched to the rescue of two men who had been adrift on Lake Erie.

One is the D. E. Sallard and the other an automobile engineer on Buffalo. The latter was separated from his wife, Louise Polson, on the Canadian side of the lake while the other was stranded about three miles from shore.

A snowstorm, searing blizzard proportions, swept over the lakes and a strong wind blew from the east as the pilots attempted to grope their way to a safe anchorage.

RAILWAYS GIVE WINTER RATES

WINNIPEG, Nov. 14.—The most popular demand for winter holidays rates to Pacific coast playgrounds, both by tourists and by those returning return tickets from Eastern Canada or the west coast at the same time, has been made by tourists during the summer for season limit summer tourist tickets.

On Oct. 1, the Canadian passenger association, making this announcement today, stated that the demand would be met from November 15 to February 28, with return passage good till April 20.

Swiss Beauty Storm Centre At Party

That Hollywood parties are not all they are cracked up to be is illustrated by the report of what happened at the party given in honor of Miss Claire Delmar, international beauty from Switzerland. The showgirl, Dredel Bidder, was performing in society in a prominent film when she made headlines that Peter Arno, internationally known cartoonist, took exception to. Arno let go a haymaker in Steeler's direction, but was caught under the chin by Gordon Butler, an all-American football player, who was standing nearby. The brawling knocked Arno down, but the punch was never delivered. Arno got up, however, and Steel was left at the party given in Miss Delmar's home. Many stars of Hollywood attended the party and witnessed the battle.

SEVEN KIDDIES BURN TO DEATH

SAN JUAN, Puerto Rico, Nov. 14.—Seven of 20 children burned to death at a garage where a toy pistol projector exploded yesterday. Four more are expected to die.

Julio Velazquez was probably playing with matches when he lit the house of Luis Rivera. The children sat excitedly watching the tiny flames. A candle set fire to the explosive pistol. Julio and Luis were among the dead.

POUND, DOLLAR PREMIUM RISE

NEW YORK, Nov. 14—Canadian dollars and pounds sterling moved up sharply against United States funds on foreign exchanges here.

As Washington boosted its domestic gold price to another new high Dominions funds jumped to 16-18 cents above the dollar after 2½ years or more. Today's price represents a premium of 13-16 per cent.

Sterling advanced to \$22, an over 6 per cent gain, while French gold francs improved 4¢ to 63¢, respectively.

A snowstorm, searing blizzard proportions, swept over the lakes and a strong wind blew from the east as the pilots attempted to grope their way to a safe anchorage.

STATE-RUN LIQUOR FOR RELIEF IS PINCHOT PLAN

YOUNG GRITS DISCUSS BANK GROUP REPORT

Credit Public Matter and
Not in Interests of
Bankers Only

Belief that credit was a public matter, and not in the interests of the bankers only, was expressed by speakers at the regular weekly meeting of the Federation of Men's Liberal Association in the McLeod Room last night. This met with the unanimous support of all members present.

It was also believed that the establishment of a national central bank to perform the function of rediscounting would be of great value. It was stated that the report of the Royal Commission on banking had been under consideration.

OPPOSITION VOICES

Opposition was voiced to any measures which would result in a centralized bank being privately owned. It was also believed that those having control of such a system would have the possible political influence.

The main discussion concerned about the proposed new national central banking system to western farmers, and the favorable effect it would have on agriculture, resulting from interest rates would have on farm business in general.

Several members of the Liberal Caucus participated in the deliberations, including John R. B. Lunn, Chairman Arthur Lesses of the program committee.

A motion was made that the next meeting of the Association would take the form of a debate on the question of immigration.

White Men Lead Chinese Demand For Relief Aid

VANCOUVER, Nov. 14.—Two white men who appeared before the city council representing nearly 100 Chinese who were ousted from city hall, were ejected from the council chamber by police today.

When the men continued their representations after he had told them they must be removed, he explained Chinese must apply as individuals to the city offices.

Robert H. Johnson, in a statement to the council, said a delegation of 30 Chinese led by the Rev. Dr. Liang, who had been at the relief office and demanded attention. After he had been removed, he had asked them to disperse, but they did not so until police were called.

Both said single Chinese have been cared for at the Anglican mission, but those who were there were sent there until "agitators" had stirred them up.

With gasoline almost exhausted, Louis struck out for Bayfield and when he reached the village again picked up his nephew's craft, this time using chains instead of oars. When he reached the shore, he found the two boats had been sighted here. Capt. Jack's boat was captured and he was taken to a nearby cabin and unmanageable. Louis and his companion pulled alongside and the two boats bounded and leaped aboard the Helen.

Gave Frog New Eardrum From His Own Skin

NEW YORK, Nov. 14.—A discovery in regeneration, by which a skin which had been removed from a frog regrew skin from its own or another frog's back, was described yesterday by Dr. George M. Pearson, professor of zoology at New York University.

The frog regeneration is of much theoretical application to plastic surgery and medicine. For the skin which had been removed was already "adult" when taken from the back. It was described by Dr. Pearson, of New York University as probably the first time fully formed skin has been regenerated from the back and of structures.

Although there is not yet any humanized, the new frog drum is a long advance over previous similar scientific operations.

CHURCH BELLS "HEIL" HITLER POLL VICTORY

"Germany Is Safely in One
Solid Block" Say

Editorials

BERLIN, Nov. 14.—Evangelical church bells throughout Germany pealed for 15 minutes yesterday in honor of Reichs Bishop Ludwig Muller, "in token of gratitude for the unfailing care and security of the German people," said Sunday services.

Reichs Bishop Muller, a Reichenbach candidate and his wife, joined other church leaders in attending the service.

The world is convinced," said the Hitlerite Kreuz Zeitung. In his message of thanks to the nation, he called the service "a great historical event."

The impression Hitler's supporters made abroad was watched closely, and newspapers devoted much space to comment on the results.

For other countries, newspapers gave full coverage to the maneuvering of discredited politicians, but "Germany is safely in one solid block," said the new Reichstag, which may assemble about December 1, according to the official news agency.

The new Reichstag, which the communists had voted down, will be expected, to the official head of the Nazi party, Adolf Hitler, "to bring the Reich to its feet," he said.

The rescue was accomplished after a battle of 12 hours during which heroism glowed through the storm. The two McLeods and the crew of the boat, Kettle Point.

WHAT KIND OF A BANK?

The report of the Macmillan Commission has been awaited with wide and varied interest, and with considerable anxiety. It will be equal, wide, varied and very keen. It supplies the specifications upon which the parliament of Canada is due at the coming session to revise the Bank Act, and to make any further changes it thinks desirable in the matter of the banking structure of the Dominion. It may be assumed that, unless under pressure of public opinion, parliament is likely to do less than the commission recommends, rather than more. The report may be taken as setting the maximum changes at present actually in prospect.

That is the kind of a Central Bank that Canadians need, and with it we expect parliamentary action, even if that involves departure from some of the recommendations made by a section of the commission.

responsibility for the general price level of a country. But the regulation of the volume of credit is an important factor in influencing the level of economic activity and therefore of prices." That is to say, the Central Bank would expand or curtail the credit of the commercial banks, and leave it to them to encourage or discourage economic activity and induce a rise or fall in the price level.

It is perhaps as well that the commissioners are anything but economists. Public opinion may on that account feel freer to examine the question for itself, and to set up the kind of a Central Bank which the tragic events of the last three years show to be required.

Parliament deems that the stock of the Dominion should be owned entirely by the Dominion Government, and the officers and directors will be appointed by the same authority;

The Bank will have complete control of all metal and paper currency, with power to regulate the quantity of money within limits of conditions laid down by parliament.

The Bank will be the banker for the Dominion and provincial governments;

The Bank will issue or withdraw money and expand or curtail credit in the interests of the public solely, with a deliberate purpose to maintain uniformity of prices and values in Canada and give us an honest dollar;

The Bank will be instructed to systematically gradually call in any loan for payment of Dominion and provincial debts, establishing sinking funds to retire the money issued to pay for them over a suitable term.

That is the kind of a Central Bank that Canadians need, and with it we expect parliamentary action, even if that involves departure from some of the recommendations made by a section of the commission.

Edmonton is to have a winter speedway. The town council, in response to a petition, has set aside Fraser avenue from Fourth street north to Rat Creek for the purpose. A driving club has been formed, and the first meeting of the drivers and owners of the cars will be held on the 2nd.

The officers of the club are President, C. Gallagher; secretary-treasurer, J. L. Miller; committee, Chas. May, D. Robertson, J. B. Lockett, D. Stewart, and W. Reid.

Mr. J. H. Kennedy and Hyndman left yesterday for Montreal.

Surveyors are at work laying out the new streets at Vegreville.

There still remains a hundred mile stretch of the Alberta boundary which has not been defined, and another treaty will be necessary.

Hobson hall was filled last night at the public meeting held to discuss the question of turning over the tramway charter to a private company. Mr. Hobson, however, if granted the franchise, to build two miles of tramway on Jasper avenue by next fall.

Work is being rushed on the new hotel here.

The United States has now secured complete control of the Isthmus of Panama.

TWENTY YEARS AGO

Ottawa—Application will be made at the next session of parliament for incorporation of the Pacific Peace River and Athabasca Railway Co. This will be the first railway to be built in the interior of the N.W.S., Skeena, Omineca and Findlay rivers in British Columbia with the Peace and Athabasca.

The share of lakes Superior, Huron and Erie are split between the wreckage from a three day gale in which at least one hundred lives were lost.

Ex-Mayor Armstrong has been appointed postmaster of Edmonton.

TEN YEARS AGO

Breslau—The German emperor is preparing to return to the Fatherland. Advisors from the court that a courier arrived there with 12 German passports for the ex-Kaiser and his party.

Berlin—Adolph Hitler, fascist leader in Bavaria, has been elected to the Reichstag.

For his piece of retirement here ex-President Woodrow Wilson declared in a message to the people of United States that the "Sullen and sullen silence" to which the ex-President has been subjected in his old age is deeply ignoble because it is manifestly cowardly and dishonestable."

London—Failure of France and the United States to agree has killed the prospect of a committee being appointed to investigate the ability of Germany to pay reparations.

PLUGGING THE EXITS

There is no hope for the Bank should have and the banks should plug the exits suggests very strongly that the kind of a bank it will be will depend in the main on the men who direct it and the purposes they have in mind. As Professor Fisher has pointed out, in an article published in these columns in the Federal Reserve Bank of the United States was one kind of an institution under the chairmanship of Mr. Stone, but became an entirely different institution after he died. The inference is that the man in power can make and accomplish whatever the men in charge wanted them to mean and accomplish.

What the commission thinks the Central Bank can and cannot do, besides regulating foreign exchange, is not ascertainable. It is even not desirable that a central bank should be specifically charged with any

course—Winnipeg Free Press.

The Passing Show

By J. S. COPPER

There must have been joy among the angels when the good prudes of Claremont, New Hampshire, placed overalls on the nude statuettes of Marlene Dietrich, who impersonates a sculptor's model in the movie version of Sudermann's "Song of Songs." Miss Dietrich has a shapely pair of legs, and it might have given false ideas of what women should wear to the pious and bucolic art patrons of New Hampshire, had those overalls not been put in place.

One can understand people being afraid of nakedness if brought up to the idea that the body is shameful and a sinner on their Creation—as the Puritans were—but the body must be hidden, with the trend of fashions to emphasize the differences between the sexes. The select classes which make a god of decorum, people can't eat their cake and have it too, the males were to sit on their chairs and the females to sit on their beds, and the girls were to play with dolls semi-nude, front and back.

There seems no logic in it. Why shouldn't a man sit on a chair and a woman sit on a sofa? Why should a man sit on a chair and a woman sit on a sofa? Why should a man sit on a sofa and a woman sit on a chair? There is no logic in it.

Still the New Hampshire Puritans might have done worse than put Marlene into overalls. I saw a nude statue in the National Art Gallery that was much more revealing than Marlene's.

The Bank will be the banker for the Dominion and provincial governments;

The Bank will issue or withdraw money and expand or curtail credit in the interests of the public solely, with a deliberate

purpose to maintain uniformity of prices and values in Canada and give us an honest dollar;

The Bank will be instructed to systematically gradually call in any loan for payment of Dominion and provincial debts, establishing sinking funds to retire the money issued to pay for them over a suitable term.

That is the kind of a Central Bank that Canadians need, and with it we expect parliamentary action, even if that involves departure from some of the recommendations made by a section of the commission.

It is the male and not the female that is the beautiful sex. Says Schopenhauer:

"It is only the man whose selected is disfigured by his sexual impurity who could give the name of the fair sex to that undressed, narrow-shouldered, broad-hipped and short-legged race; for the beauty of the sex is bound up with this impulse."

Those calling them beautiful, there would be more to do for calling them the unattractive sex. Neither for music, nor for poetry, nor for fine art, have they really or truly any sense of beauty; it is merely a taste to make pretensions in it in order to assist their endeavours to please."

More men than Schopenhauer—and men with more opportunity for opportunity—have asserted that it is the male and not the female that is the beautiful sex. Says Schopenhauer:

COVER AND KEEP THEM MOIST

You may not know that changes in the way we live are cutting down the number of people burned, but this is true. For example, the use of electric lights prevents the large number of burns which were once common when the kerosene lamp was in every home. Due to the lighting of fires, we do not have many people burned by catching their apparel on fire, as was once quite easy when heating, cumbersome stoves were used. Fewer children are still injured by playing too close to unguarded heated stoves. You may also be burned by electricity and by too much sun.

Most burns follow scaring of the skin by heat such as a fire, steam, hot water, hot liquids, etc., but it is possible to be injured by a cold burn, such as a very low temperature burn.

The first symptom of a burn is a burning pain or reddening of the skin. It may also form a scab or blister and the burn is deep one, the underlying tissues are seared. A serious burn not only affects the outer surfaces but also has a systemic reaction and may produce those symptoms of profound shock which frequently occurs severe burns.

When you see the sticky fluid oozing out of a burn you are watching a part of the blood escape as it is the plasma which carries the red corpuscles and cells from the blood stream. If you are quick to notice this, you will find the Carron Oil readily available.

This oil is made of olive oil, lime water and camphor. It is a mixture of oil and water and the best way to treat a burn is to cover it with Carron oil.

If a blister forms, cover it with Carron oil and then apply a bandage. If a scab forms, remove it with a sharp knife and then apply Carron oil.

If a burn is caused by a scald, remove the cause and then soak the limb in warm water.

When someone is burned, the first thing to do is to wash the burn with Carron oil.

It is a good idea to keep the Carron oil ready to apply in case of a burn.

When you are getting a burn, you should not be afraid to use Carron oil.

U.S. Railroads Cut Fares

FOUR SYSTEMS OFFER 44 P.C. REDUCTIONS

Two-cent Rate, With Total Elimination of Pullman Surcharge Effective

ATLANTA, Ga., Nov. 14.—Four of the largest railroad systems of the United States, operating with networks of track mileage totaling over 18,000 miles Monday announced reductions of approximately 44 per cent on passenger rates and a fifth road with 8,000 miles also said "probably" would consider reducing this week.

The new rates were fixed at two cents a mile in coaches, compared with old rates of one cent a mile and the railroads said the man fare to three cents a mile and eliminated the pullman surcharge.

TWO SYSTEMS OF PLANNING M.P. STATES

W. H. Moore Says State Must Have Confidence or Dictatorship

Two systems of planning were available to every state, one resting on the basis of confidence among the people, the other alternative being a virtual dictatorship "where a man riding a political hobby horse can do what he wants," declared W. H. Moore, Liberal M.P. for the Ontario riding of Peterborough, in a speech at a luncheon address before a joint gathering of the Edmonton Chamber of Commerce, the Grotto Club in the Macdonald hotel, at noon Monday.

Moore's speech was introduced by W. R. McLean, M.P.

A. U. G. Burry, C.K.C., spoke briefly and the audience numbered approximately 125.

TOO MUCH PLANNING

"I believe we have had too much of this planning business," said Moore, "a man riding a hobby horse can do what he wants if he likes to look at it in that way," he said.

Referring to the development of the Canadian railroads, Mr. Moore averred that the state had been unwise in its handling of the situation, adding that if depression it had certainly carried the people farther into trouble.

As a result rapidly had been introduced into a flexible system, "We have got into a system of planning which is as inflexible as stone," declared W. H. Moore, Liberal M.P. for the Ontario riding of Peterborough, in a speech at a luncheon address before a joint gathering of the Edmonton Chamber of Commerce, the Grotto Club in the Macdonald hotel, at noon Monday.

There were two kinds of socialism, he explained, "one is a state controlled as exists in Russia and the other was 'corporate socialism,' as existing in England. There were and are many socialists who believe one is better than the other.

He did not stand in direct opposition to state planning, but he did oppose one group planning for the nation.

Commenting on the central bank proposal, Mr. Moore said that he did not thoroughly understand it. It appeared incomprehensible to him that a bank institution capitalized at \$5,000,000. He did not believe that the proposal was a group should control such a system.

"We sometimes lose, in both the public and private sectors of the economy," he commented. Money was simply tickets with buying power, he said, and the proposal was good at the time of the issue of such tickets.

Gold production during the past 50 years had increased in about the same proportion as world-wide trade, he explained, adding that gold standard was the convertible paper of value.

INFILATION FOLLOWED WAR

After the war had ended inflation followed issued so much money that it had collapsed. Berlin, he said, had to go back to the gold standard.

Then had commenced a run on gold held by the Bank of New York. London had promptly gone off the gold exchange standard, but England had not done so. The Bank of England still had as much gold as when she had descended that standard.

Finding that it had none of the precious metal with which to establish a gold standard, Germany had borrowed a gold reserve.

"And I know of no worse result than a borrowed gold standard," he said.

"Confidence," he continued, "is the basis of all our relations under the present system. If we haven't confidence in people, then we don't have confidence in the system which gives us a man with a big stick who does his planning with the aid of enforcement." Mr. Moore stated.

"Heartless" Harold Likes His T-Bones, But in the Pan

FAIRVIEW, Alta., Nov. 14.—"A glove is a funny thing—look at what it does to me," warbled "Heartless" McMasters, the Alberta Assemblyman, who is a member of the Legislature, after being knocked cold in round three. "Oh, yeah; well, rounds seven and eight is blanks in round nine. Who, he is more interested in killing me than in getting the better of me. Then he gets me in a corner." "Sunderer," he cries again, "you're a man of your word, form." "Never! We McMasters die hard," he retorted. "I rowed him out, then he hit me with a 3-ton truck, then he hit me with a monkey wrench to make a monkey outta me."

McMasters offered a tranquil sleep, surrounded by bound-up forms and harring birds singing sweetly, while the two men lay down to sleep.

McMasters, practically as a guy with Terrible T-Bone Tobe, had dinner with Terrible T-Bone Tobe, the Terrible T-Bone Tobe of the Fairview Chamber of Commerce. "You are in the heart of the Terrible Peace River country,"

University Alumni To Buy School Books for Unemployed

Bridge in Athabasca Hall November 24 Will Aid Project

One of the most hopeful lights shining in the darkness of the present depression is the effort made by men and women out of employment to improve their mental equipment. Many of those unable to find work prefer to spend as much time as possible in studying, so as to prepare themselves for the future. School for the Unemployed has been established in the old school rooms of the Hudson's Bay Company, down the hill on 103 street, and university, high school, and public school teachers are donating their services.

In addition, members of the school, members of the University of Alberta Alumni Association are planning to contribute books and supplies for the unemployed students. To this end a bridge will be held at Friday evening, November 24, in Athabasca Hall to which all are invited. All proceeds will go to this purpose, and it is hoped that all who can afford to do so will help. Any who wish to hold bridge parties in their honor for the fund are welcome.

Mr. E. H. Strickland, 7903 Saskatchewan Drive, telephone 2-4111, will be glad to hear from those making up tables or planning to do so.

Professor Constable Will Give Address Friday Evening at University

NUSUAL indeed is the opportunity afforded Edmontonians to hear an address on art by a man who will be here next week. Professor W. G. Constable, lecturer in Convocation Hall, will speak on "Art in Our Lives," on Friday evening, half past eight. All are welcome and there will be no admission charge or collection.

Professor Constable, a descendant of the famous Constable, the famous English landscape painter, was formerly assistant director of the Royal Ontario Museum in Toronto and is now director of the Coritaud Institute of Art, a department of the University of Alberta. He is eager to extend the use of museums and art galleries in Canada, and to increase general public interest in art.

At the same time he is utilizing this opportunity of assisting in a great work for the unemployed is urgent.

Edmonton Players Seen In Drama Monday Evening

Whatever idealism may be associated with the drama, and however keenly the audience feels the beauty and emotion of a great play, a great deal is sure to be lost if the untaught audience is given to the technicalities of the presentation.

On Monday evening the Edmonton Players produced "Rosmerholm" by Henrik Ibsen in the School of Art. Both before and after the performance, a great play of the modern drama had seemed one of the most difficult assignments given to the technicians of the presentation.

To this end he has prepared some lectures, for his Canadian tour, on "Theatrical Production," "Painting Modern Landscape Painting" illustrated by lantern slides. He also gave a lecture on "Theatrical Needs as most vital to the growth of the drama."

The visit is arranged under the auspices of the Canadian National Council of the Arts, the Canada Trust, and locally by the University of Alberta and the Edmonton Mus. Club of Art.

A PAPER IN THE STREET

Set up and started, and started to grow.

And away, away, away on the tide Of his music we sailed, on, on, on.

And windows were opened wide, And the day went down her work and came.

And women with petticoats curled And little bare feet that were blue With cold.

Went swimming back to the age of gold.

All the world went gay, went gay,

For half an hour in the street to go.

SEUMAS O'SULLIVAN

In a bazaar one expects to find all sorts of trinkets and novelties that might never appear in any other place, so that the many who come to the annual bazaar organized by the Red Cross, all the food was "crossed" and as much of it as red bread, and sausages, and sandwiches and bunns and cakes and shortbread, red leaf cake, and Tommies, and so on. But don't worry, rather a problem at tea-time. Tomato-juice and strawberry sundae were decided on in the end.

At the bazaar which members of the Holy Trinity Women's Association held on Friday and Saturday afternoons at the hall of the Church of England in the diocese of Calgary, The Rev. Mr. H. M. Newson, Mrs. T. C. Dugay, and Mr. D. D. Thompson, chairman, and a program of music is arranged under the direction of Miss Alice White.

Embroideries, fancy work, and interesting bits of hand work will be on sale. The Rev. Mr. H. M. Young will be in charge. Mrs. E. H. Bowring, Mrs. F. Wright, and Mrs. J. Cogan will be in charge of the kitchen.

Colonel and Mrs. H. M. Newson will have Miss K. Wilson, Girl Guide instructor from the Imperial headquarters at London, as their guest.

Miss Wilson is the author of "C. K. Huff and Mrs. Wilson."

Her bazaar is bounded in the charge of Mrs. P. D. Fowler, Mrs. F. Valout and Mrs. Payne.

Members of the Junior W.A. will be in charge of the refreshments, and will be in charge for the sale of candy. Mrs. T. W. Bell and Mrs. A. Jones will be in charge.

CORRECT 'KNOW YOUR EMPIRE' ANSWER LIST

Prize Winner Announcements Will Be Published Next Saturday

Given here are the forty-five lists of correct answers to the "Know Your Empire" contests which made up the "Your Empire" column.

Many hundreds of Bulletin readers entered the contest, and the contest editor's staff will be kept busy engaged for the balance of the week in grading and checking the entries received. On Saturday next the prize-winning list will be published, and the Bulletin will again check-up their guesses with the Bell boys, and then determine what their chances are of being among the prize winners.

Mayor Knott Welcomes New Members of Council

**Has Special Praise
For Miss Crang, Lady
Member of the Board**

Verbal bouquets order of
day at inaugural meet-
ing of City Council Monday
afternoon—Special
Meeting to be Held on
Wednesday.

Verbal bouquets were the order of the day at the inaugural meeting of city council Monday afternoon, culminating in their complimenting the returning aldermen and all extending their greetings to the newcomers to council.

Ald. Margaret Crang, the first lady member to take a seat on council in nearly a decade, was marked for special congratulations by fellow councillors expressing the pleasure they had in having her elected and the hope that she would meet with success in her new field of endeavour.

Only necessary business was transacted. Motion was made to adjourn the session after special meeting which will be held Wednesday at eight p.m.

ITEM ONE

One of the major items scheduled for discussion at the mid-week conference is the proposed optional schedule of gas rates submitted to the Board of Gas Commissioners by Northwest Utilities Ltd.

Council meetings will be held on the same days as formerly—the second and fourth Mondays of the month. A motion was decided, Ald. C. L. Gibbs was named delegate to the annual meeting of the Canadian Gas Association from November 13 to January 24.

Four members were appointed to the committee which will name the personnel for the two main committees of council, the by-laws committee, as well as other aldermen representatives from the Alberta Motor Association, the Board of Trade, six provincial cities, the Hotel Men's Association, and others.

Speaker of the meeting, Ald. G. Groft stated that one point to be discussed would be the scheme of preparing highway maps.

Still another important point will be the effectiveness of tourist map and literature.

With a total of more than 180,000 people in the city during the last tourist season, many people believe that if we can prove it, it will feel that much easier to develop the tourist traffic.

**WILL BE SEEN
WITH BRITISH
GUILD PLAYERS**

DAVID CLYDE,

actor manager with the famous British Guild Players who will appear in the New Empire theatre on Monday, November 27, after appearing in three circles at the Pacific coast for the past four years.

**GOLD NOW AT
\$33.56 OUNCE**

WASHINGTON, Nov. 14.—A price of \$33.56 per ounce was fixed today for RFC purchases of non-minted domestic gold, 11 cents above yesterday and a new high.

**NEW EMPIRE TO
OPEN NOV. 29**

Opening of the New Empire theatre with the British Guild Players will be deferred until Monday, November 27, as the owner, Ernest Willis, who is bringing the company to Edmonton, for a season in dramatic stock. The bill has yet to be announced.

While the company will be preceded by Pearl Allen, well known to Edmontonians as the owner of the Imperial, the bill will consist of a parent weighing up to 10 pounds eight ounces, a child weighing 10 pounds, at a cost for a 10-pound parcel. In a case where such mail reaches the post office, the postage will be based on the basis of the charge for the next lowest even weight.

To Enforce Rule

WASHINGON, Nov. 14.—Stricter enforcement of relief regulations was revealed today by A. A. MacKenzie, Alberta relief commissioner, who said he will make his office available to the public for Edmonton's latest acquisition to its organization.

Third victory, Ald. J. E. Ogilvie said he hoped the year ahead would bring the same kind of success to the chief magistrate as he had in the struggle for property, stated Ald. G. E. Hart.

Ogilvie grows more serious as conditions get worse. He regretted the fact that the state had insisted in a certain extent in instituting a welfare department.

The duties of the administrative board would be enormous during the year ahead, he said. Ald. J. W. Fyfe, adding that it was the duty of the city to carry out the city's business, as far as the circumstances dictated.

Leonard Bowman, who pleaded guilty to assault upon Frank Pierce, one-armed peanut vendor, was admitted into rubber cheque book for 15 days. Pierce said he had been attacked by accused in a downtown restaurant. His eyes were cut open. Bowman could give no reason for his conduct, which was apparently aroused by a rebuke of Pierce.

One month at hard labor was given 'teen aged Sam Melnyk, who pleaded guilty to theft of a bicycle.

Such a hazing had been taken from him by the police before he was given as the result of the severity of the beard, and thought the other person who was present when they had given her the reality that there are all expecting a great deal from him, he said.

He remarked, however, that he was pleased to note that the health pobicile had been so soundly supported after it had been so vigorously opposed in certain quarters.

The case of Fred Prostornik and his "B.O.D." mother was before Justice Johnson when his keeper of 10 years' standing, Mrs. Lena Bedick, was admitted into a hospital as a foot-sore for her aches and pains. The mounted police officer who had been called to the scene of the fracas. Accused was John McNeil, of St. Paul, who had been guilty of causing grievous bodily harm. ***

He remarked, however, that he was pleased to note that the health pobicile had been so soundly supported after it had been so vigorously opposed in certain quarters.

"What is mad off?" asked Prosecutor Becker after entering the courtroom. "It is a question of the law," he said.

"Carrots," announced the housekeeper.

Becker never smiled like this, did they?" asked Becker.

"Never before," replied Becker.

The court recessed again after Prosecutor Becker had objected to a dismissal suggested by Col. McLeod.

ALEX. RIDDELL AGAIN CHOSEN BOXING CHIEF

Amateur Association is Confident of Success

This Season

Confident of another successful season, the Edmonton Amateur Boxing Association held its annual general meeting in the Memorial Hall last night, with a large number of spectators in attendance.

Alex Riddell, well known in amateur boxing ranks, will again lead the association as president of the campaign as he was re-elected president Monday.

Unofficial indications are that Doug Crockett, well known in amateur boxing circles, will be elected vice-president.

Other officers of last year, who were re-elected at the meeting, were G. S. Reynolds, treasurer, H. S. Reynolds, trustee, Douglas Kerr is the only new officer to be elected.

Mr. Kerr will occupy the vice-presidency.

Mr. Kerr took over the position held by Mr. Crockett, who has been elected to the vice-presidency.

The balance of the executive comprises three representatives from the Federation of Community Leagues, and three from the Edmonton Amateur Boxing Association.

Representatives will be named at later date, as their names were not present at the meeting.

From a financial standpoint, the success of this year's campaign can be measured by the balance in the treasury of \$125 from last year.

With the association's greater problems, that of training camps, and the like, the association's main concern will be to make arrangements to localize the training quarters of the Hardy cup, emblematic of the Canadian interprovincial championship, at least during this year.

Charles Wilson stated that the Alberta team were treated royally in a social way, but at the same time were given a hard time by the officials in which the B.C. football executive handled the series. As a result, the Alberta team won the Hardy cup on a two-game basis.

Mr. Wilson thinks another game should have been played.

That game, however, was not played.

That game was disallowed on account of the impossible conditions under which it was played.

It was tentatively decided upon a return tour for the coming Friday, December 15. The executive made the decision to make all arrangements for the tour.

Those boxers wishing to enter to the tournament will be admitted to the Saturday encounter.

Wilson, at least, will be present.

Wilson's chief worry at the present time is the possibility of his son getting into the provincial boxing championship next spring.

Winnipeg is the most powerful outfit of the three Americans-Crokin, Kastel and Bozday.

Back from Winnipeg, where he competed with Alec McKenzie on the winning Canadian team, was Bill Williamson, former Edmonton boxer, who returned with a record of 10 wins and 10 losses.

APPROVE TEN NEW CANADIAN WOMEN'S RECORDS

Most Of Records Are Established By Eastern Aces

Women's Amateur Body To Continue Meeting In Winnipeg Today

WINNIPEG, Nov. 14.—New Canadian records were approved at the annual meeting of the Women's Amateur Athletic Federation of Canada here Monday. Most of the records had been established by Eastern athletes.

The application of Hilda Strike of Montreal, for a Dominion record was rejected. She had set a world record in 76.10 seconds. The application was turned down because it was submitted to the delegates said Miss Strike had six false starts, and that she had only one touch and the finish and not a finish.

Only amateur business was transacted yesterday.

Allocation of the 1934 women's Dominion and field championships will be made today and Federational officers elected.

There were 120 entries in the Senior indoor 60 metre hurdles.

Aida Wilson, Toronto, Time 8.5-10.

Senior indoor 50 metres—Margie Hallfax, Time 23.2-10.

Senior indoor 60 m. hurdles—Thelma Neale, Victoria, Time 8.5-10.

Junior indoor 60 m. hurdles—Aida Wilson, Toronto, Time 8.5-10.

Junior indoor 50 m. hurdles—Betty Taylor, Hamilton, Time 12.

Intermediate 60-metre hurdles—Margie Hallfax, Victoria, Time 8.5-10.

Intermediate high jump—Margaret Bell, Vancouver, Time 4.2 feet.

Junior high jump—Margaret Bell, Vancouver, Time 4.11 inches.

Junior 60-metre—Gwen Pharrill,

Halifax, Time 10.6-10.

Junior 60 m. hurdles—Pharrill,

Halifax, Time 10.6-10.
